**PLATFORM**

## Maximize operational efficiency

**printLogic** is fully integrated with all versions of ENOVIA

**High-output teams anticipate well.**
Every production team knows the drill: What is or might be needed to get this product to market, keep the line of sight to opportunity open and maintain open communication? **printLogic** keeps your operation-ready and production, humming.

# Flexible. Scalable. Simple.

**printLogic** is fully integrated with all versions of ENOVIA and works out-of-the-box. You'll love publishing all versions of your 3DExperience projects with single-step ease.

## PRINT
## LOGIC

## printLogic simplicity

### Ready, set, print
**printLogic** connects instantly to your database and auto-installs everything needed to be printing within minutes.

### What's your file type?
Print hundreds of file types directly from your database without ever leaving **printLogic**. Large or short runs. Point-click-print. Done. All without opening the native software, juggling multiple steps or complexity. One-step simple.

### Your print job your way
Run your print job by object, file, list or CSV batch file. One interface. One command. Whether a single document or, hundreds, **printLogic** makes getting to done super simple.

### Build your own work flow
Create customized schema flows to retrieve specific documents. No programming required. No added cost. Your project by your design.

### Automatic paper sizing
Pre-designate paper size or go auto. **printLogic** is intuitive and gives you choices.

### It's all in there
Maintenance, tech support, upgrades—**printLogic** is every-thing you need in one package. Migrating to another version of ENOVIA? It's covered. We help you get **printLogic** up and working in no time. The Qore8 team is standing by to empower your creations and energize your work flows. We travel with you and support your enterprise.

### One powerful interface
Control ENOVIA-related behaviors, printing and stamping from one single interface. Administrative controls facilitate company-wide compliance. **printLogic** makes it easy.

# printLogic solid

### It just works
Set your preferences and you're ready to print. No programming. No code. **printLogic** works in any environment.

### Seamless extension of ENOVIA
**printLogic** complies with, or will enhance existing user privileges, as defined within ENOVIA.
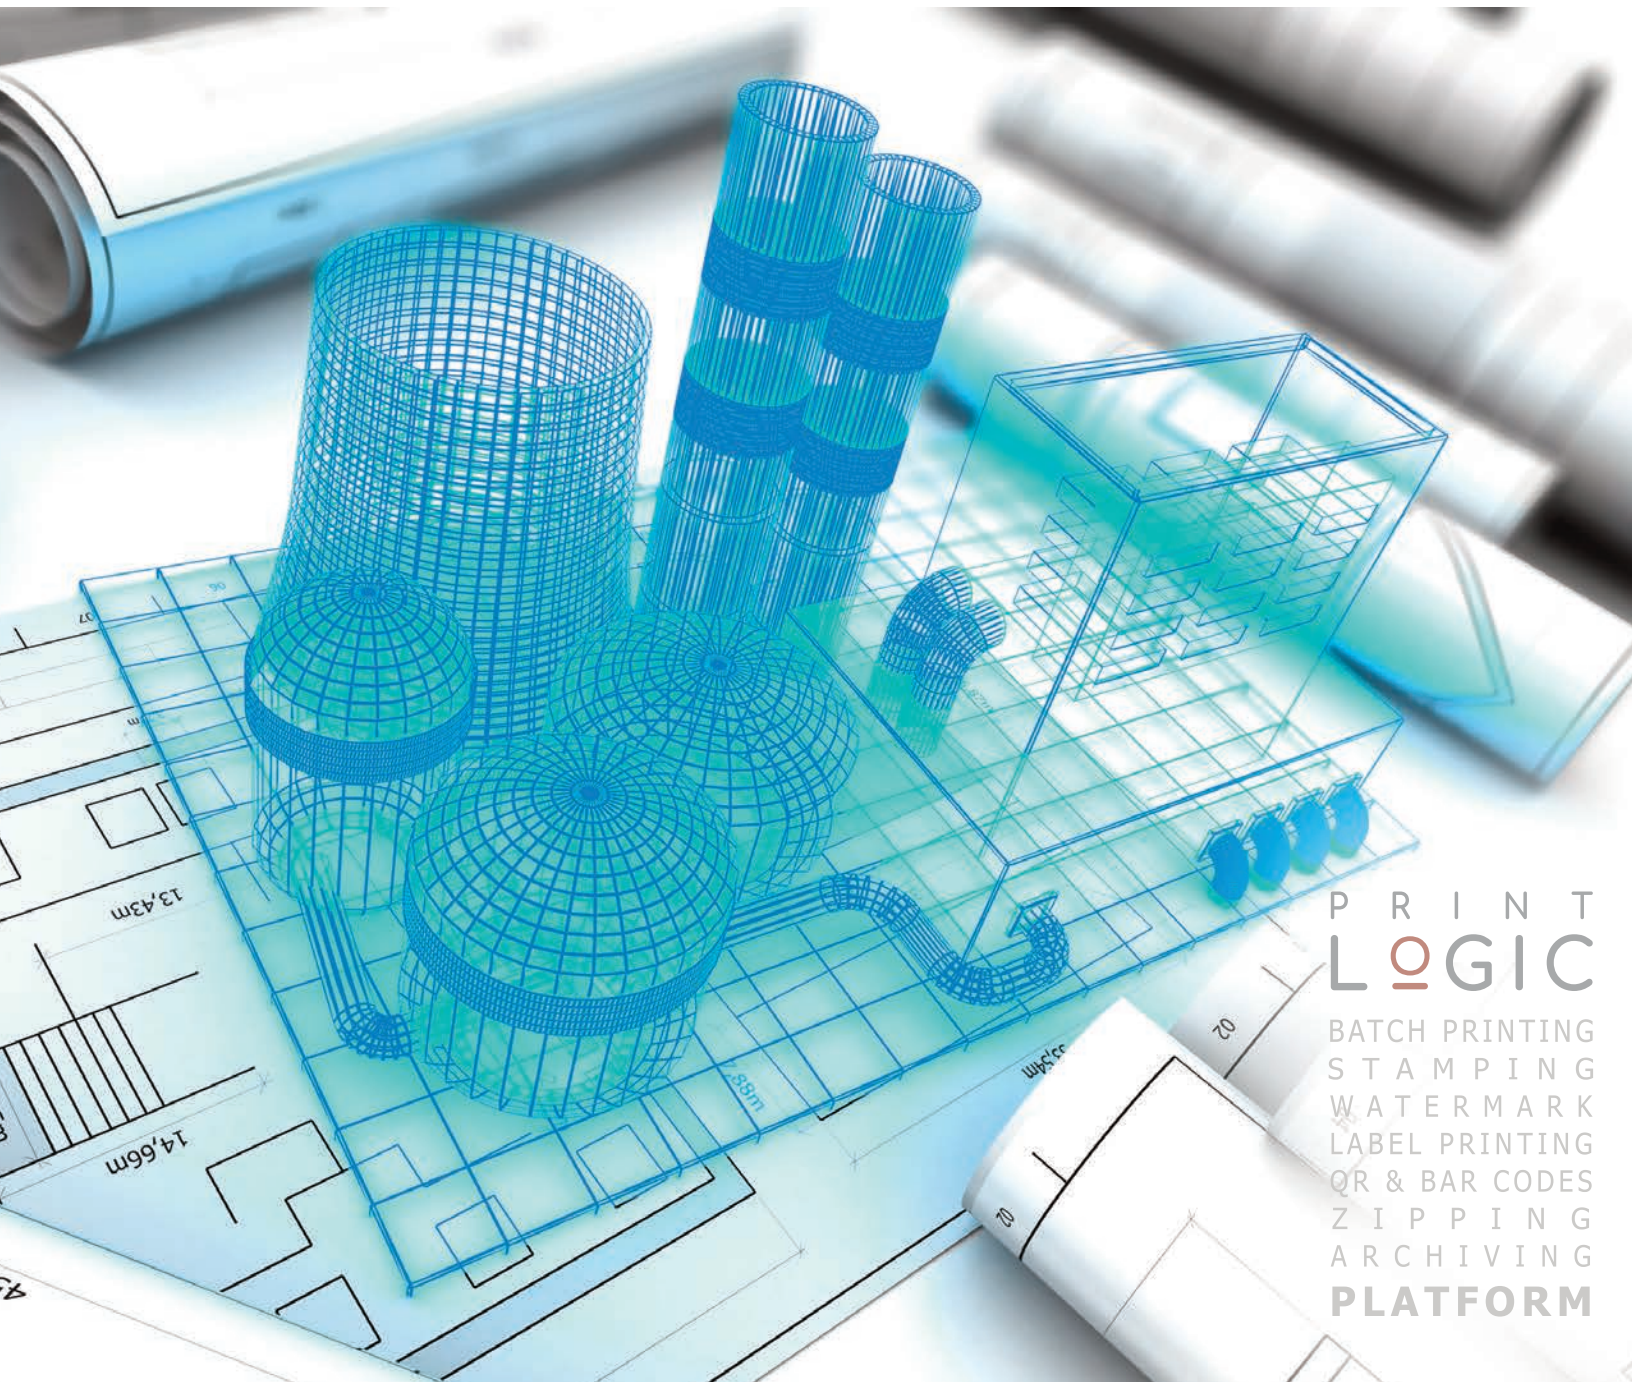

### Enterprise-wide
A simple, yet powerful, architecture supports your entire enterprise, no matter its structure. Link sites worldwide and process documents by consistent or variable parameters.

### Proprietary architecture, seamless operation
**printLogic's** architecture efficiently gathers and configures files to print through an easy-to-navigate user interface. We begin with a deep knowledge of ENVOIA giving our software the construct to handle nearly any related command.

### Enhanced scalability
**printLogic's** point-and-click interface means you can bring a new site online in minutes. Link your sites and process files from multiple sites or add them as independent locations. Configuring **printLogic** is as simple as clicking an option.
